Hi Dave,

Does this mean that we need to have the Annual Report reviewed, Checklist for Determining Progress completed, Determination of Progress letter completed, Funding Recommendation, and Commitment Notice all done by July 17th? Of course, if R10 agrees to approve the Plan.

Wanted to make sure you all were aware of the deadline for STAG funded grants. This would include the 319 grant to Oregon. Have we gotten everything we need from Oregon to move forward with the grant? Please make sure we include the holdback language (30% holdback due to CZARA). I would like us to check signals and make sure we're all on the same page on how we're proceeding. Jayne, could you find a time for the four of us to talk about this even if it's only 15 minutes?

Dear Associate Directors, Grant Program Supervisors and Grant/IA Coordinators:

Due to the impact of the FY 2015 rescission, I have extended the Grants and Interagency Agreements Unit's (GIAU) funding package deadline for all STAG-funded grants and cooperative agreements to **Friday, July 17, 2015**. The deadline for non-STAG funded grants and cooperative agreements remains the same - **July 2, 2015**.

This morning, I met with a number of grant coordinators to discuss the options available to process decrease amendments to previously awarded grants and current applications impacted by the rescission. Their input was very helpful and I believe we can institute an approach to

completing the work that will minimize the burden on our programs and grants specialists. Additionally, I have asked our grant coordinators to begin compiling a list of previously awarded grants containing FY14 and FY15 funding subject to the rescission, which will enable us to assess the scale of this undertaking and manage our workload accordingly.

As more information becomes available, I will be contacting unit managers and their respective coordinators to develop plans and timelines to implement the rescission.

I appreciate your patience and flexibility as we move forward into a very challenging 4th quarter.

Please contact me if you have any questions.

Thanks,

Tony Fournier
